ANNE SADANG - CHIEF PURSER – EMERAUDE CLASSIC CRUISES

Anne Sadang in mid-September joined Emeraude Classic Cruises as the vessel's Chief Purser. On board, Anne's principal responsibilities include management of all food and beverage activities, guest relations and house-keeping.

Prior to her work in Halong Bay, Anne served as food and beverage manager at the Timberland Sports and Nature Club outside Manila. But for a three-year stint as a sales agent for a real estate company in the United States, all of Anne's work in the hospitality field has focused on restaurants, resorts and golf courses in the Philippines.

"The Emeraude is a whole new adventure for me," Anne said on her first day of work as purser, while having a coffee at The Press Club in Hanoi, one of Hanoi's most established and upscale eateries. Like the Emeraude, The Press Club is part of the Apple Tree Hospitality Group.

"When you can take on a new appointment with that spirit, embracing the adventure, looking forward to the unknown, then your posting is much more than a job," Anne said. She graduated from University in the Philippines with a degree in hotel and restaurant management. She speaks English and Tagalog, and she visited Vietnam for the first time in May 2011.
